
Summary

I am a passionate web developer with a solid foundation in software engineering and expertise in building responsive, user-friendly web applications. I am proficient in back-end technologies such as PHP, Java, Express JS, and Next JS, as well as front-end technologies including React JS, Next JS, HTML5, CSS3, JavaScript, TypeScript, MUI, and Tailwind CSS. With strong database management skills in MySQL and MongoDB, I implement clean, maintainable code while leveraging modern web development practices. My commitment to creating engaging user experiences is complemented by my familiarity with tools like GitHub and Redux. My goal is to contribute my technical skills, creativity, and problem-solving abilities to innovative projects and drive success in a dynamic development environment.

Professional Experience

- Proficient in front-end technologies: **HTML, CSS, JavaScript, TypeScript, React JS, Next JS**
 - Proficient in Back-end technologies: **PHP, Java Swing, Express JS, Next JS**
 - Experienced in building responsive and mobile-friendly web applications
 - Strong understanding of **JavaScript frameworks** and modern **UI/UX design principles**
 - Ability to implement **clean, maintainable code** with a focus on user experience
 - Familiar with version control using **Git** and **GitHub**
 - Knowledge of basic **SEO practices** and **web performance optimization**
-

Education

Bachelor's in Full Stack Software Engineering (Ongoing)

Java Institute for Advanced Technology, Sri Lanka

- In-depth study of **web development**, including **HTML, CSS, JavaScript, MySQL** and **React.js**
- Practical experience in building full-stack applications
- Focused on **agile methodologies** and **software development practices**

Technical Skills

- | | |
|--|---|
| • Back End - PHP , Java , Express JS, Next JS | • Database Management- MySQL, MongoDB |
| • Front End – React JS, Next JS, HTML 5, CSS 3, JavaScript,MUI, | • Other Tools - Git Hub, TypeScript, Redux TailwindCSS |
-

Key Projects (for more project vist on git hub : <https://github.com/Sadeepa11>)

- | | |
|---|---|
| • LD Engineering – React.js, Bootstrap
(Project for a water pump selling company) | • Techmart Engineering – React.js, Tailwind CSS
(Website for a construction and engineering company) |
| • Smart IQ – HTML, CSS, JavaScript, Bootstrap, PHP, MySQL
(Project for an electronic devices selling shop) | • LavenderLove Paradise – React.js, Tailwind CSS, Framer Motion
(Website for a luxury construction/real estate company) |
| • Portfolio Website – Next.js, Tailwind CSS, Framer Motion
(Responsive portfolio to showcase skills and projects) | |
